

Fire Protection Engineer / Fire & Life Safety Plans Examiner

West Coast Code Consultants, Inc. (WC³) is an engineering consulting firm serving municipalities throughout California, Nevada, Texas, Utah, Washington, and Wyoming. **WC³** is seeking Fire Protection Engineers, Fire Protection and Safety Technologists, and Certified Fire Plans Examiners with in-depth knowledge of the International Fire and Buildings Codes, along with NFPA Fire Sprinkler, Fire Alarm, and other related standards. We are seeking entry level and/or individuals with a minimum of three years' experience within a municipality, jurisdiction, or similar consulting firm. This is an exceptional opportunity to become a key member of our highly qualified, collaborative and motivated fire protection team working in either our Utah or California offices.

WC³ provides a unique experience compared to many other engineering consulting firms. Our engineers and reviewers individually work on hundreds of projects a year, ranging from residential and small office tenant improvements to high-rise buildings, universities, large industrial complexes, etc. The large volume and variety of projects explains why **WC³** employees become some of the leading code experts in the country, with many being actively involved with ICC and NFPA chapters and committees.

Locations: Salt Lake City, UT (preferred) and San Francisco, CA

The Greater Salt Lake Area is uniquely located at the base of the Wasatch Range, providing residents with urban communities while being situated mere miles from towers mountain peaks. Love the outdoors? Our Sandy, UT office is just 14 miles from world-class ski resorts, where you can ski or snowboard on trails used during the 2002 Winter Olympics. Access all of Utah's five National Parks and countless National Forests and Monuments within a 4-hour drive. Enjoy mountain biking, rock climbing, river rafting, fishing, hiking and much more. Are you a movie buff? The world-famous Sundance Film Festival occurs annually in Park City, Ut, just 30 miles from Downtown Salt Lake City. As part of the Mountain West, Utah is also centrally located, providing access to the Pacific Coast and both northern and southern borders, all within a day's drive.

Duties and Responsibilities include, but not limited to the following:

- Perform complete fire and life safety reviews (including fire department access, means of egress, fire-resistive construction, fire protection systems, etc.) in addition to performing reviews of fire protection systems (fire sprinklers, fire alarms, standpipes, fire pumps, etc.). Reviews must conform to the International Fire and Building Codes, as well as local requirements.
- Assist design professionals and contractors by providing information and interpretations of fire and building codes and local regulations, along with recommending necessary changes to design documents as required to obtain compliance with applicable codes and regulations.
- Responsible for preparing written correction letters and maintaining and updating records and database information.
- Perform site visits and/or inspections as part of building and fire code violation mediation efforts while acting as a third-party consultant. Provide written report of findings with recommended resolutions.
- Assist and/or lead educational seminars for local and state-level AHJs and other code professionals.

Job Requirements

- Bachelor degree in Fire Protection Engineering or related field
- A minimum of three years Fire Plans Examination experience within a municipality, jurisdiction, or similar consulting firm preferred.
- Fire Plans Examiner certification from the International Code Council (ICC), the National Fire Protection Agency (NFPA), or equivalent, or the ability to obtain.
- Additional Fire Marshal, Fire Inspection, or Building Inspection certifications ideal.
- Working knowledge of Microsoft Windows, Microsoft Office, and Bluebeam.
- Excellent oral and written communication skills are necessary.
-

Benefits

WC³ offers a competitive salary and benefits package. Benefits for full-time employees include:

- Paid Holidays
- Paid Time Off
- Personal Trainer Health Benefit
- 401(k) Retirement Plan including generous employer match
- Competitive Discretionary Bonus Program
- Medical Insurance
- Dental and Vision Reimbursement Plan
- Employer Paid Life Insurance
- Long Term Disability paid by employer

West Coast Code Consultants, Inc. is an equal opportunity employer.
