

Code Administrator
119-021

The City of Overland Park is recruiting a Code Administrator to join the team and lead its professionals in helping provide oversight and management of all technical operations associated with new building construction projects in the City. The position is a Senior Management Position within the Planning and Development Services Department and we are looking for an individual with technical experience that is ready to lead a group of building professionals. The primary responsibility for the group is the review of building design to insure conformance with the adopted building code and the inspection of the construction of those buildings. This position requires a technical education or equivalent experience in the field of building sciences with two years of supervisory experience.

Additional information can be found on our website at
