At Jacobs, we're transforming intangible ideas into innovative solutions designing the future - today. As an Fire Protection Intern in Fort Worth, TX, you will too.

You'll impact the world around you by helping us solve real-life challenges. YOU are the future of our company. We'll rely on you to provide support to our teams on critical projects while fostering a culture of continuous learning and inclusion as you bring fresh ideas to the table. You'll work alongside professional engineers and designers, gaining exposure to project coordination, relevant computer-assisted engineering software, data collection and so much more.

Pave the way for your career with a company that inspires and empowers you to deliver your best work so you can evolve, grow and succeed—today and into tomorrow.

Qualifications

Here's what you'll need:

- In pursuit of an ABET accredited Bachelor of Science degree in Fire Protection Engineering, Fire Protection Engineering Technology, Mechanical, Electrical, or other engineering discipline
- Interest in buildings
- Must be a US Citizen
- Must be at least a rising Junior
- Working knowledge of Microsoft Office programs
Ideally, you’ll also have:

- 3.0 GPA minimum
- Working knowledge of Revit
- A previous internship related to your field of study
- Ability to communicate with all levels of management within Jacobs
- Self-driven time management and organizational skills
