Marx Okubo (M|O) is an employee-owned architecture, engineering, and construction consulting firm made up of professionals with a wide variety of expertise. M|O supports our clients with consultation services on a broad range of building types and occupancies so that they can make informed property-related decisions. We are the only company of its kind to provide our mixture of services on a national scale.

**Marx Okubo Five Core Values**
- Collective Knowledge, Collective Success
- Ask Why—Be Persistent
- School’s Never Out
- Know Your Client
- Continually Pursuing Excellence

The position we are looking to fill is for a fire protection engineer that will be responsible for supporting our east coast offices in Atlanta, New York, and Texas, and will provide backup support to the west coast offices in San Francisco, Southern California, Seattle, and Denver. The FPE’s assignments will include:
  - Conducting site visits with a team of M|O professionals as part of a Property Condition Assessment for our customer’s potential acquisitions and providing them with fire protection and life safety recommendations.
  - Performing construction drawing oversite reviews for code compliance (Locally adopted building and fire codes, NFPA 13, NFPA 72, etc.).
  - Assisting with internal and customer inquiries around fire protection and life safety.

Candidates for this position are mid-level career engineers having the desire to be part of a growing team. They have a technical knowledge level of the various fire protection and life safety systems, allowing them to perform tasks with minimal supervision.

**Requirements:**
- Considerable knowledge in fire suppression, fire detection/alarm systems, and egress/life safety systems
- General understanding of ICC codes, NFPA codes, and state/local codes as they apply to construction, design, and existing buildings
- Professional engineering license preferred, but Engineers-in-Training (EIT), Certified Fire Protection Specialists (CFPS), or other industry certifications will be considered
- Ability to efficiently manage and delegate a multitude of tasks, assignments and changing priorities
- Strong verbal and written communication skills

Compensation will be commensurate with qualifications and experience. The ability to travel out of town is a requirement for this position, travel varies but is approximately 25%.
