Fire Protection Engineer

Positions Available, Interviewing Now

Are you looking to grow your career and your responsibilities? Be in charge of your projects and work independently?

Rhino FPE is a rapidly growing fire-protection consulting firm based in Reston, Virginia. Since fire protection is our specialty, we provide a wide range of fire protection services. Our engineers work on a broad range of projects that covers many facets of consulting and design in fire protection engineering. We provide services across many sectors, including military, industrial, government, higher education, libraries, museums, and stadiums for clients like the US Department of State, DoD, GSA, and the Smithsonian Institute.

We are a growing office and looking for full time engineers who can manage multiple projects and clients at one time. NCEES registration desired.

US Citizenship is a must.

Contact us today and see how Rhino FPE can help you learn and grow as a fire protection engineer.
