Job Title: Fire Sprinkler System Designer

Job Description

Triangle Fire Protection, Inc., a small business fire protection company in the Carlisle/Mechanicsburg, PA area, is hiring a fire sprinkler system designer. Position is full-time (40 hrs/week) but may require overtime on occasion.

This position is responsible for designing fire sprinkler systems using an AutoCAD based software for new construction design/build projects including residential, commercial, government, and industrial projects. This is a fast paced environment and candidate must be able to handle several projects at once with detail and accuracy.

Job includes on-site field surveys, generating hydraulic calculations, submitting drawings to obtain the required building permits, 3D BIM coordination, preparing fabrication and material lists, preparing project close-out, and operation and maintenance documents.

You will work alongside an experienced Designer to gain knowledge of the fire protection industry, learn the CAD software package, and develop working knowledge of the codes used in this industry.

Previous Experience Preferred

Experience in the industry designing sprinkling systems.
Proficient with CAD or fire sprinkler system design software.
NICET certified.

Job Requirements

The candidate must have a High School Diploma, have a good positive attitude, be self-motivated, respectful, accurate, detail-oriented, organized, and trustworthy

Candidate must be mathematically and technically inclined to learn industry specific software and codes. Candidate must be able to work in a team environment and also be able to work independently when required.

Candidate will be required to relocate within a reasonable driving distance of the Carlisle/Mechanicsburg area.

Working Environment

Work hours are approximately 7:00 am to 3:30 pm, M-F. Job includes competitive base pay, full health benefits, 401K with company match, paid time off, and paid holidays.

Hourly pay to be determined.

To apply, please email resumes to: joshua@trianglefireprotection.com
