

ARUP Fire Protecting Engineer Intern (June 2022)

Start Here, Go Anywhere!

Want to work for a company that invests in innovation and people who catalyze impact in the built environment? Arup is proud to be recognized by *Fast Company* in their third annual [Best Workplaces for Innovators list](#), which honors businesses and organizations that demonstrate a deep commitment to encouraging innovation at all levels.

We find solutions for some of the world's most complex problems. From climate action to social value, we consider the broadest impacts of our work. We strive to build a more sustainable, resilient, and equitable future. This purpose shapes our culture and has made us leaders in sustainable development. You'd be joining our multi-disciplinary design teams focusing on technical excellence and innovative solutions that create a better future for people, places, and the planet.

During your career at Arup, you'll have the chance to engage in a fulfilling career and work with some of the most highly respected engineers and specialists in the world. You'll also get the opportunity to work on exciting and significant projects, delivering quality work that has a positive and lasting influence on the community and the environment.
