We're seeking Fire Protection Engineers of all levels for our San Francisco, Los Angeles and Seattle offices!

Holmes Fire is a fire engineering consultancy firm with unrivalled talent, advancing fire safety design through a collaborative approach. Our in-house expertise enables us the flexibility to offer comprehensive fire safety engineering solutions, enhancing the functionality of design whilst always prioritising occupant safety. As part of the international Holmes Group, we service projects throughout Australia, the US and New Zealand. We have a reputation for technical excellence. We provide an approach that encourages performance-based solutions to deliver innovation, design flexibility, greater value and compliance as an alternative to prescriptive building codes.

Our team strives to provide the highest level of professional service and success for our clients, building meaningful relationships along the way.
