This posting is for the Prince William County Government FIRE & RESCUE; vacancy location is Woodbridge.

**POSITION INFORMATION**

Are you looking for that next challenge? How about a position that will make your next career step worthwhile? Do you have a passion for saving lives and property long before 9-1-1 is called or the alarm rings? Consider applying for a comprehensive and technical role as a Fire Protection Engineer with the Prince William County Fire Marshal’s Office. We are looking for a detail-oriented engineer who has a high degree of integrity, passion for protecting the public and first responders, and wants to have fun doing it.

**ABOUT THIS ROLE:**

The successful candidate will get to work with a high functioning team of Fire Marshal’s in reviewing all manner of fire protection plans, permits, and inspection criteria. The FMO is a learning organization where input is sought on process improvements, along with the entire Development Services team. You will have the opportunity to conduct site visits with the inspections team to make field engineering assessments and judgements, work with targeted industry projects, and provide recommendations to both the Building and Fire Code Officials. In addition, due to the variety of the work conducted by the FMO, you will have the opportunity to expand your knowledge, skills, and abilities while working in a dynamic and fun atmosphere.

**MINIMUM EDUCATION, TRAINING AND EXPERIENCE REQUIREMENTS:**

Bachelor’s degree in Engineering and 3 years related experience.

**PREFERENCES:**
• Fire Protection Engineering degree, from an accredited school, with background in fire sprinkler system and fire alarm design and plan review.
• 3 years of fire protection systems plan review and fire codes administration or related experience.
• Inspector II Certification (NFPA 1031).
• Fire Protection General ICC 3C certification.
• Fire Protection General ICC 3B certification.
• Completed DHCD Fire Protection Plans Examiner training.
• Completed DHCD Fire Protection Inspector training

SCHEDULE REQUIREMENTS: Monday-Friday 8:00am-4:30pm

SPECIAL REQUIREMENTS:

• Effective October 2012, mandated by the Virginia State Board of Health 12VAC5-31-540, VA EMS Regulations require a criminal background check conducted by the Central Crime Records Exchange and the National Crime Information Center via Virginia State Police; and a driving record transcript from the individual's state Department of Motor Vehicles.
• A pre-employment physical may be required for positions allocated to this classification, as posted in the job ad based upon specific position mandates.
• Building Development: Must become certified as a Technical Assistant to the Building Official in accordance with the Virginia Uniform Statewide Building Code and the Virginia Certification Standards.
• Valid Driver's License.

ENTRY SALARY RANGE: $66,742.00 to $98,379.50 Annually
