Job Title: Entry Level Fire Protection Systems Engineer
Company: Buckeye Fire Equipment

Job Description:

As an Entry Level Fire Protection Systems Engineer at Buckeye Fire Equipment, your role will be pivotal in designing, implementing, and maintaining fire protection systems to ensure the safety of our clients. This role provides an excellent opportunity to apply your knowledge of fire protection engineering, while gaining hands-on experience in a fast-paced and dynamic environment.

Responsibilities:

1. Design and implement effective fire protection systems, including sprinkler and alarm systems, in accordance with applicable codes and standards.
2. Conduct fire hazard analysis and risk assessments for various projects.
3. Assist in preparing and reviewing engineering drawings, specifications, and technical reports.
4. Collaborate with multidisciplinary project teams to ensure comprehensive fire protection strategy.
5. Attend project meetings and contribute to client presentations.
6. Conduct site visits to verify system installations and ensure compliance with design specifications.
7. Stay up-to-date with latest industry trends, technologies, and safety regulations.
8. Continually improve technical skills and knowledge through on-the-job experience and professional development opportunities.

Qualifications:

1. Bachelor's degree in Fire Protection Engineering or a related field.
2. Familiarity with fire protection systems and codes (e.g., NFPA codes).
3. Proficiency in CAD software and other relevant engineering tools.
4. Strong problem-solving skills and attention to detail.
5. Excellent verbal and written communication skills.
6. Ability to work effectively in a team-based environment.
7. Willingness to travel to client sites as required.

At Buckeye Fire Equipment, we are committed to enhancing safety through innovative fire protection solutions. We are looking for passionate individuals who are eager to make a positive impact in the field of fire protection engineering. If you are excited about working with a dedicated team and contributing to our mission, we would love to hear from you.

Buckeye Fire Equipment is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation,
gender identity, national origin, or protected veteran status and will not be discriminated against on the basis of disability.

Please note that this is a general job description and may not include all responsibilities, skills, and qualifications relevant to this role. Specific duties and requirements may vary depending on the needs of the company and the team.
