Overview
LEO A DALY is a leader in the design of the built environment dedicated to transforming the human experience through the power of design. For more than 100 years, we’ve created places that inspire wonder, connect communities, and enable great things. Our creative teams combine planning, architecture, engineering, interiors, and program management to deliver truly integrated design.

We are a diverse collection of inventive problem solvers united by a passion for great design.

We own the impact of our work, socially, economically and environmentally. In collaboration with our clients and each other, we create innovative, thoughtful and sustainable solutions to the urgent challenges that face our world.
