Job Description

Overview

At Page, we promise design that makes lives better. We're actively seeking talented people to join an empowered employee environment. Page provides architecture, engineering, interiors and consulting services on large, complex projects around the world. We credit the success of our projects that build communities to the global diversity of our people's backgrounds and experiences. By following our core values in the delivery of our services, we've become – and remain – a vital and respected firm. We're seeking highly creative, committed team members to help us deliver on our promise of making lives better through design. As our market sectors and services grow, we continuously add new opportunities. Will you join us?

Responsibilities

Responsibilities will include:

- Design of fire alarm and fire suppression systems;
- Review and development of life safety plans;
- Life safety and building code consulting;
- Collaboration with a variety of engineering and architectural disciplines;
- Interface with local AHJs and building owner insurance representatives;
- Development of site fire protection features and fire department access plans;
- Communication with clients and writing technical reports.

Qualifications

- 8+ years of experience;
- Bachelor of Science degree from an ABET accredited engineering program;
- EIT license or the desire to complete the exam within 1 year;
- PE License, preferably in Texas;
- Experience in fire suppression, fire alarm, and life safety review and design;
- Knowledge of Revit, AutoCAD, and fire protection related computational programs;
- Previous experience and an understanding of adopted building codes and governmental (DoD, VA, GSA) standards;
- Experience in Mission Critical and/or Semi-Conductor markets preferred;
- Knowledge of NFPA codes and standards;
- Strong communication and interpersonal skills;

About Page

Our firm started as a partnership between two brothers in 1898. We have been making history for over 100 years. We are expanding leadership opportunities to all employees who will continue to guide the firm’s evolution and expansion. At Page, we’re all owners. We own the vision, we own the work and we’re owners in the firm through our Employee Stock Ownership Plan (ESOP). Owning stock in Page means you get returns on the hard work you invest in the firm. It helps better prepare you for retirement and helps better prepare the firm to pass its success to the next generation.
