

Fire Protection Engineering Intern (Summer 2026)

Location: 8171 Maple Lawn Blvd, Suite 320, Fulton, MD 20759

Category: Seasonal

Department: Fire Protection

Hourly pay rate: \$24 - \$28/hour

Company Description

At Coffman Engineers, we serve as both prime consultant and sub consultant on projects large and small, including commercial, retail, institutional, government, industrial, and project/construction management. Incorporated in 1979, we have employees in more than 23 locations serving clients across the United States and overseas.

To meet client objectives and to integrate our many disciplines, we can create teams comprised of civil, structural, mechanical, electrical, fire protection, and corrosion control, as well as project/construction managers and professionals in a variety of specialty services. This ability has made us a leader in the engineering and construction communities, and has strengthened our reputation as being progressive, innovative, and a great place to work.

Job Description

The right team is more than an advantage, it's a game changer! Come work with a team of engineering professionals dedicated to excellence at Coffman Engineers' DC Metro office. We are seeking a dynamic, innovative, and quality-oriented individual with an interest in engineering to join our team as a **Fire Protection Engineering Intern** during the Summer 2026 break. The ideal candidate will have a minimum of two years of post-secondary education in an accredited fire protection engineering program.

Eligibility Requirements:

- Enrolled as a full-time student in an engineering program at a nationally recognized, accredited college.
- Two years of required courses completed towards an undergraduate engineering degree (preferred).
- Applicants must be currently enrolled in a Fire Protection Engineering degree program or taking fire protection-specific courses as part of their engineering studies.
- Exceptional written and verbal communication skills.
- Detail orientated and organized.
- Ability to work up to 40 hours during the summer break. Flexibility for school schedule/demands will be provided.

This position is not eligible for sponsorship.

How to Apply:
